

Conference Topics

Worldwide Evidence For Noah's Flood

The evidence for the global Genesis Flood is provided by hundreds of flood traditions, sedimentary rocks, trillions of fossils, and is supported by events surrounding Mount St. Helens eruption.

The Heavens Declare

Modern astronomy offers mankind a look at the cosmos never before seen. The size and beauty of astronomical bodies is a testimony to the magnificence that is our Father in heaven.

Discovery Of Design

Scientists frequently look to nature for ideas on new products and solutions to problems. A classic example is Velcro, found in feathers and cockleburs. Several design examples will be presented from animals, plants, and nonliving objects.

The Moral Impact Of Darwinism On Society

Darwinian thought has not only damaged our scientific knowledge of the world — it has also led to the moral decline in the West. Many leaders have tried to apply evolutionary science to moral issues, and the results have been devastating.

Earth's Surface Shaped By Receding Floodwater

A variety of evidences for the receding of the Floodwater off the continents will be provided. Geological features noted in this talk are very difficult, if not impossible, to explain by the uniformitarian paradigm, providing strong evidence for the reality of the Genesis Flood.

Planet Of The Apes

This presentation examines the evidence used to support human evolution, including Neanderthals and Australopithecines. Are these ancient hominids really missing links capable of substantiating human evolution or has the truth been distorted to support the materialistic evolutionary worldview?

Current Events In Creationist Astronomy

Ten questions will be covered including, Is there life in space? Did an asteroid kill the dinosaurs? What would change on earth if there was no moon? Will the world end in 2012? The answers to such questions strongly support the creation worldview.

Refuting Four Recent Attacks Against The Historical Jesus

Dan Brown, Elaine Pagels, Bart Ehrman, and Robert Price have made claims that attempt to undermine the historical Jesus as portrayed by the Gospels. Christians must be able to respond to these four attacks to show the world that the Jesus of the Bible is in fact the true Jesus of history.

Schedule

FRIDAY SEPTEMBER 30	
6:30 PM	DOORS OPEN
7:00 PM	Mike Oard Worldwide Evidence For Noah's Flood
8:10 PM	Chris Ashcraft The Heavens Declare
9:20 PM	Star Gazing with Don DeYoung (weather permitting)
SATURDAY OCTOBER 1	
8:30 AM	DOORS OPEN
9:00 AM	Donald DeYoung Discovery Of Design
10:10 AM	Phil Fernandes The Moral Impact Of Darwinism On Society
11:20 AM	Mike Oard Earth's Surface Shaped By Receding Floodwater
12:20 PM	LUNCH
1:10 PM	Chris Ashcraft Planet Of The Apes
2:20 PM	Donald DeYoung Current Events In Creationist Astronomy
3:30 PM	Phil Fernandes Refuting Four Recent Attacks Against The Historical Jesus
4:30 PM	CLOSE

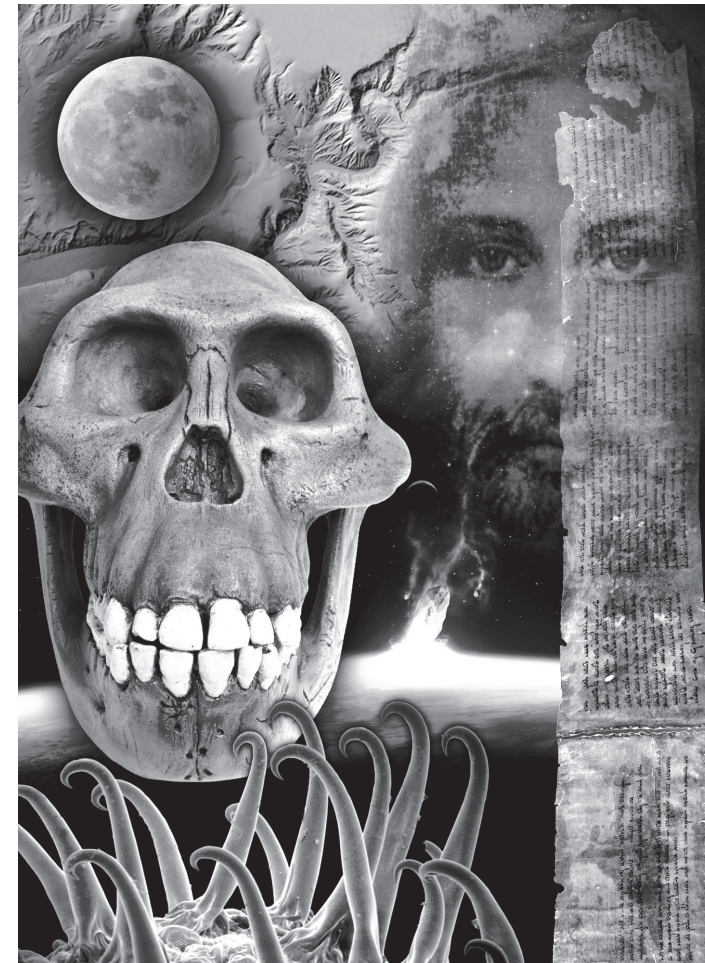

Creation documentary videos will also be shown in a separate room during the conference for people to watch as an alternative to the live presentations by the speakers listed above.

In the beginning God created...

Seattle CREATION CONFERENCE 2011

SEP 30 - OCT 1, 2011

Seattle CREATION CONFERENCE 2011

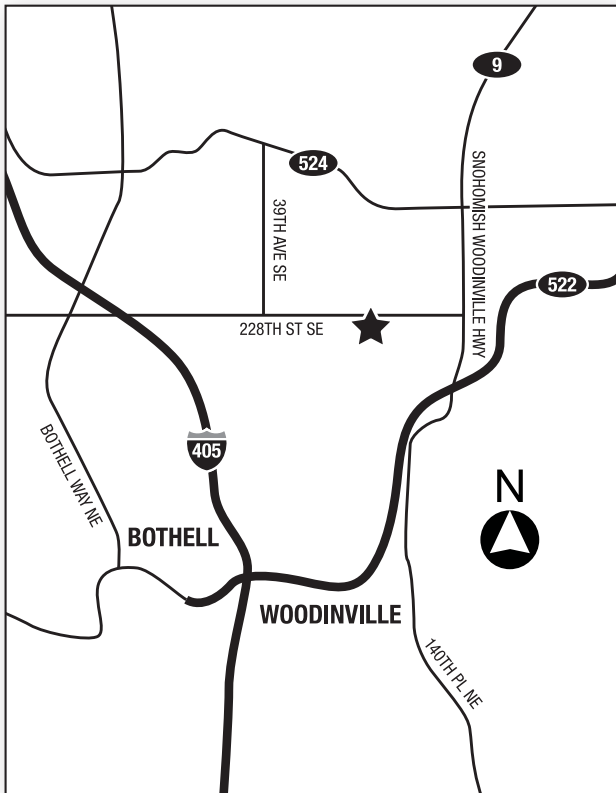

When

Friday, September 30th 6:30pm – 9:30pm
Saturday, October 1st 8:30am – 4:30pm

Where

Woodin Valley Baptist Church

5400 228th Street S.E.
Bothell, WA 98021
woodinvalleybaptist.org

The Speakers

Donald DeYoung

Donald is an avid creation scientist and educator specializing in astronomy and physics. He chairs the Department of Science and Mathematics at Grace College in Winona Lake, Indiana. Don has taught at Grace College since 1972. Dr. DeYoung is the current president of the Creation Research Society with over 1,700 members worldwide. The CRS funds research, operates a lab in Arizona and publishes books and a technical Quarterly journal.

Michael Oard

Michael is a creation scientist with a specialization in Atmospheric Science. He is a prolific author who has published numerous books and papers in widely recognized creationist and secular journals. He worked for close to 30 years as a meteorologist/weather forecaster with the (US) National Weather Service, and now dedicates much of his time to creation science research. Michael's research interested have focused primarily on topics such as evidence for Noah's flood, the Ice Age, and the mass extinction of the Woolly Mammoths.

Phil Fernandes

Dr. Phil Fernandes is a Biblical apologist and lecturer. He has a Ph.D. in Philosophy of Religion degree from Greenwich University, and is the President of the Institute of Biblical Defense. He has lectured and debated on numerous college campuses including: Princeton, University of North Carolina (Chapel Hill), and the University of Washington. He has debated some of America's leading atheist thinkers such as Dr. Michael Martin (Professor of Philosophy, Boston University), Dan Barker, Jeff Lowder, and Elliot Ratzman.

Chris Ashcraft

Christopher Wayne Ashcraft is a creation scientist, speaker, and educator with specialization in Biology and Genetics. He is firmly committed to researching and teaching creation apologetics and speaks periodically at churches, schools, and creation organizations in the Northwest United States. He is the founder of the Northwest Creation Network and the *CreationWiki* internet encyclopedia where he serves as senior administrator. He also organizes the Seattle Creation Conference.

Mission Statement

The sixth Seattle Creation Conference is a two day event dedicated to glorifying God through the scientific study of His creation, and refuting the false claims of evolutionism.

Conference Cost

The conference is provided free of charge. However, we suggest that attendees pay a \$20 donation per person to help cover the cost of this important event. These funds help pay for publicity, facility costs, plus speaker honorariums and travel expenses. Preregistration helps provide the funds necessary for publicity, and the books and videos made available for sale at the conference.

What Is Included

Guest are allowed to attend any of the general session lectures or video documentaries.

Lunch

Lunch options will be available Saturday in the Church cafe, and free snacks will be provided throughout the day.

Two Ways To Register

- 1) Register online at <http://store.nwcreation.net/registration.html>. Major credit or debit cards accepted for \$20 donation.
- 2) Register at the door on the day of the conference.

Attention Teachers

Teacher CEU's and Washington State Clock Hours will be available.

More Information

For more info visit nwcreation.net/conference or call Chris Ashcraft at (206) 465-1635 or email him at ashcraft@nwcreation.net.
